

GANS AWARD OF *Distinction*

CALL FOR NOMINATIONS

GANS is pleased to announce that nominations for the 2018-19 GANS Award of Distinction are now open. This award is presented by the Geomatics Association of Nova Scotia to an individual or an organization having made an extraordinary contribution to the geomatics sector in Nova Scotia. Help us recognize these special individuals and organizations by nominating a member of the geomatics community who has significantly influenced our sector.

Nomination Guidelines

The Geomatics Association of Nova Scotia (GANS) is a non-profit association created to help further the development of the Geomatics Sector in Nova Scotia and increase its material contribution to the provincial economy. The field of geomatics spans a wide variety of distinct disciplines such as cartography, GIS, photogrammetry, remote sensing and surveying.

GANS is pleased to recognize extraordinary contributions by an individual, or organization, to any the disciplines within the geomatics sector in Nova Scotia through the awarding of the Award of Distinction.

- Nominations close Monday April 1st 2019
- Selection will be determined by the GANS Board of Directors
- Directors will not be permitted to vote for their own employees, organization, or client should they become nominated.
- Nomination packages remain valid for 2 years
- The Award will be presented at the 2019 Annual General Meeting of GANS in Halifax

Required Information

Your nomination must include the following:

Part I

Completed Nomination Form

Part II

Nomination Letter – Please submit a nomination letter that describes why you are making the nomination and how the nominee meets the selection criteria of making an extraordinary contribution within the geomatics community of Nova Scotia.

Part III

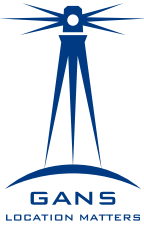

Supporting Material - You may submit up to a maximum of 5 additional letters of support from other members of the geomatics community. Support letters should provide clear evidence and examples that demonstrate why the nominee deserves recognition.
